Cell Biophysics Summer School

Registration Deadline: July 1, 2012 - Limited Spots Available!
Cost: $150, includes registration, lunches and coffee breaks.
For more information: http://www.cellbiophysics.ca

A week-long event for the physical and life sciences in Canada’s capital with international leaders in the field. Undergraduate Students, Graduate Students and Postdoctoral Fellows are encouraged to apply and take part in a poster session and social activities.

Some topics that will be discussed: Microenvironments, Stem Cells, Cell Mechanics, Cancer Biology, Neurophysiology and Neurosensing, Cell Sensing, The Cytoskeleton, Quantitative Microscopy, Atomic Force Microscopy, Surface Plasmon Resonance, Image Quantitation and Microfabrication.

Our Expert Invited Speakers:

Roberto Cerbino, Università degli Studi di Milano
Adam Engler, UCSD
Michel Grandbois, Université de Sherbrooke
Boris Hinz, University of Toronto
Michael Jonz, University of Ottawa
Bela Joos, University of Ottawa
David Junker, McGill University
Laurent Kreplak, Dalhousie University
Cathy Morris, Neuroscience, OHRI
Patrick Oakes, University of Chicago
Andrew Pelling, University of Ottawa
Anne-Gaëlle Rolland-Lagan, University of Ottawa
Will Ryu, University of Toronto
Craig Simmons, University of Toronto
Igor Sokolov, Clarkson University
